

July 21, 2016

To All Affiliates,

It is with deep sadness that I inform you that Brother Peter Reed was involved in the tragic car accident in Richmond Hill yesterday where he suffered a major spinal injury. He had surgery last night but remains in intensive care.

At this time, the family has asked for some privacy to process this devastating news. Considering the severity of Peter's injuries, doctors are discussing moving him into another facility. We will provide further information as we learn more. Our thoughts and prayers go out to Peter, his family, friends and colleagues.

Sincerely,

James St. John
Business Manager / Financial Secretary
